RE: CONFLICT OF INTEREST POLICY COMPLIANCE FOR THE PERIOD JULY 1, 2024 – JUNE 30, 2025

I have received, read and understand the Citrus Research and Development Foundation Conflict of Interest Policy adopted by the Board of Directors in June 2010, as revised June 18, 2015. I hereby agree to comply with the policy and understand that the Citrus Research and Development Foundation Inc. is a charitable organization, and that to maintain federal tax exemption must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Following is a list of entities in which I have a financial interest* and how a potential conflict may exist. If any. I also am listing any involvement I have as a cooperator on a research project or with field trials supported by CRDF: (attach additional sheet if necessary)

*A financial interest is not necessarily a conflict of interest. Under Article III Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists. Please include entities where the business is related to programs, projects and priority topics addressed by CRDF. Of particular interest are entities which are directly involved with CRDF through funded projects, providing services or providing cooperative field sites, in-kind support or similar situations. Should a conflict arise during the period of this declaration it should be communicated timely to the Board for review.
